➔ Frequently Asked Questions

Accidents happen. And many people are not financially prepared for the unexpected out-of-pocket costs that come with them. Accident Insurance can help provide a financial cushion so you can stay on track financially and focus on your recovery.

I have a good medical plan, so why do I need Accident Insurance?

An accident plan works to complement your medical coverage—paying in addition to what your health plan may or may not cover. It pays a lump sum amount directly to you to use however you choose, like for out-of-pocket* medical costs such as deductibles, co-pays, or non-covered services. You can even use it to help pay for everyday living expenses, like babysitters and take-out food, making recovery a little easier and helping you to safeguard your savings.

What types of services are covered?

How much would it cost?

Accident Insurance may be more economical than you think. It's designed to be an affordable way to complement your current medical plan. You can find your specific rates in the enrollment materials provided by your employer.

How are benefits paid?

We send payments directly to you, not your doctor, hospital, or any other health care provider. There's no coordination with any other coverage, so the amount you receive is in addition to other benefits you may have.

Is the claim process easy?

Yes. Submitting a claim is simple. Choose how you want to send it to us—online, fax, phone, or paper—and our experts will take care of the rest. You only need one claim form per admission or hospital stay, no matter how many services you receive.

Do I have to answer medical questions to get this coverage?

No. You're guaranteed coverage regardless of your health when you enroll during your annual open enrollment period. You just need to be actively at work on the day your coverage starts.

Is my family eligible to enroll for this coverage?

Yes. You can choose coverage for yourself as well as eligible family members.

Can I keep my coverage if I change jobs or retire?

Yes. This coverage is portable, meaning you can take it with you. Your coverage will only end if you stop paying your premiums, which will be direct billed once we're notified of a change in your employment status.

Are there additional benefits included in the plan?

Wellness benefit^{††}: Every year, each covered person can receive \$50 for getting one covered health screening test, such as a blood test, chest x-rays, stress tests, colonoscopies, and mammograms.

Transportation benefit: This benefit pays you for travel expenses associated with a covered person's round-trip travel between his/her primary residence and a hospital or medical facility.

Lodging benefit: You can receive \$200 per day if a companion is accompanying a covered person while hospitalized.
